## General Notes

- These are only notes on mounts I think are cool to help me understand what's required I'm happy to add mounts if it'd help you, but I'm not trying to re-create WoWHead, just to understand the req's for mounts I want
- Everything here is reduced to absolute base materials unless otherwise indicated.
- That means that these aren't recipes, but requirements - note the difference

<u>Panther Transmute Materials</u>		<u>Thoughts</u>		
Wild Jade	20	Alexandrite	Golden Lotus	A Jewlcrafter would do well to plant all ENIGMA SEEDs in his Herb Garden ASAP
Sun's Radiance	20	Sunstone	Golden Lotus	
Primordial Ruby	20	Pandarian Garnet	Golden Lotus	Notes online imply that you can average 5/day for a full farm, which is 16 days to all the Lotus you could want
River's Heart	20	Lapis Lazuli	Golden Lotus	
		20 each	80 total
